

Profesionalizing drug treatment workforces.

Presented on Global of Credential and Certification Centre meeting,
Abu Dhabi, 11 – 17 May, 2022.

Policies – Chief of National Narcotics Board (BNN)

Concept Drug Free Indonesia

- Started from the villages → up to recent available in 588 villages among 83.843 villages in Indonesia (2021)
- Programme of rehabilitation in the village is community-based intervention (IBM)
- Workforces of IBM consist of:
 - Recovery coach/agent
 - Addiction counselor from the provincial /district's BNN office
 - Health professional in refferal system (medical doctor, nurses, Clinical Psychologist, etc)

Concept of the drug free village

- **Strengthening family**
- **Utilizing local people** to take part as a **recovery agent** in providing screening and recovering coach services to people who use drugs
- **Empowering local resources** to increase PWUD Skill/Ability

Profesionalizing drug treatment workforces

- Recently we train potential local people as recovery agent with:
 - Screening tool using DAST-10
 - Basic addiction knowledge
 - Basic Prevention knowledge for greater dissemination in the village
 - Group approach intervention for assisting local people who use drugs

Profesionalizing drug treatment workforces

- **In the near future:**

- ✓ Credentialing recovery agent

- **Currently from 2018:**

- ✓ National certification of addiction counselor
- ✓ Serial UTC training for health/ Behaviour professional & Addiction counselor
- ✓ Short course & Structured professional training to the health professional (using colombo plan/ UNODC modules)

Supporting issues for Indonesia

- BNN by Presidential Instruction mandated to ensure quality of drug treatment services:
 - Developed National Standard of service delivery:
 - Arranged minimum standard of workforce's quality including
 - Regulation of the Ministry of State's Apparatus & Beuracracic reform for BNN to certify and being an institution to manage Addiction Counselors.

Ways forward

- Discussing pilot credential exams for recovery agents and BNN officers involved in the IBM program - planned to take place between June - August 2022
- Discussing modules adaptation plan on Universal Recovery Curriculum (URC) – providing recovery support services for IBM programs:
 - ✓ **Module 1: Allies Link and Lend Inventive Engaging Support (ALLIES)**
 - ✓ **Module 2: Peer Experiences Empower Recovery (PEER)**
